LOT: 933 - 4 EMBRYOS HMO REALPOWER [SEXED] X HM SNEEKER 256 P

LOT: 933	4 EMBRYOS HMO REALPOWER [SEXED] X HM SNEEKER 256 P	
4 embryos	♂ **REALPOWER** REAL SYN x SUNRISE x PROSPEROUS	♀ **HM SNEEKER 256 P** STRONG P x FOREMAN x FLORIS

These elite embryos are sired by the current #5 genomic sire in Germany: **HMO Realpower** (Real Syn x Sunrise). With 158 gRZG (€3276 gRZ€), 155 gRZM and 125 gRZN, he ranks among the very best sires in Germany and traces back to the renowned and versatile Batke Outside Kora cow family. Besides his outstanding RZG, Realpower also offers an impressive 389 gNVI, making him an attractive option for both the German and Dutch breeding markets.

The donor is the polled HM Strong P daughter **HM Sneeker 256 P**. With 146 gRZG and 397 gNVI, this well-balanced heifer originates from a deep and successful Dutch cow family. One of the family's most recent highlights is Neo (by Nexo), a bull that was sold as an embryo and is a maternal-brother to this donor. Following the April 2026 index run, Neo ranks among the leading AI sires in Poland.

Sneeker 256 P has already proven herself as an outstanding donor, producing more than 20 embryos that have fulfilled contracts for four different AI organizations. What makes her truly exceptional is her combination of total indexes, making her the highest-ranking polled Strong P daughter in Germany. She complements this with outstanding fat percentage, excellent health traits, and strong feet and legs.

The embryos are stored in Netherlands.
