A unique opportunity to invest in one of North America's most celebrated show cow families. These embryos combine the outstanding Ms Exels Dundee Beauty EX-95 family with that of Snow-N Denises Dellia EX-95! The donor, Holbra Lambda Victory (Delta-Lambda), traces directly to the legendary Ms Beauty Black Velvet EX-96, one of the most known show cows of the past decade. Black Velvet was Champion Bred & Owned at the World Dairy Expo, All-American, and combines exceptional style with outstanding production. Going further back, the pedigree features Ms Exels Dundee Beauty EX-95, a cow that earned multiple All-American and All-Canadian nominations and laid the foundation for several EX-scored cows, such as Ms Ransom-Rail Beth-Red EX-94 - Grand Champion WDE 2022! The dam line continues to prove itself today. Victory's dam, Duckett Chief Vanna VG-88, is a high-producing young cow, while her Delta-Lambda daughter - and full sister to Victory - Vanna 1 already claimed a class victory at the Nuit de la Holstein 2026. The embryos are sired by Haveitall Blakely Hinge (Blakely x Perfect), one of the most exciting young genomic sires available. Hinge combines more than 3230 gTPI with outstanding type figures, including +2.89 gPTAT, +2.30 gUDC, and +1.80 FLC. He transmits modern dairy strength, exceptional udders, correct feet & legs, and positive production with high fat and protein, making him an ideal match for elite show-oriented cow families while maintaining strong commercial appeal. <i>The embryos are stored in Netherlands.</i>
